AREAS OF PRACTICE

Finance Law

As an associate business attorney, I work closely with Buckingham partners to support core institutions in the Northeast Ohio area through bankruptcy matters, financial transactions and more.

My experience as a federal judicial law clerk working in chambers has given me a unique perspective and has allowed me to see firsthand how high quality lawyers practice law and handle conflict. I apply this knowledge and experience every day as I take a very thoughtful and practical approach to solving problems.

I have a passion for practicing law, researching and finding the right resolutions to complex issues for my clients. I am confident in my ability to advocate for clients and provide the guidance and advice they seek.
