AREAS OF PRACTICE

Health & Medicine
Employment & Labor

I am a healthcare attorney with over 45 years' experience representing hospitals, physicians, nurses, other providers, suppliers, as well as commercial payers.

Hospital CEOs, CFOs and in-house counsel look to me to handle serious and complex credentialing, competency, and disciplinary matters, and to assist them in successfully navigating through the maze of federal and state regulations. Additionally, I draft common sense medical staff bylaws, policies, and contracts, and often serve as outside general counsel for clients. Physicians and other healthcare providers retain my services to represent them before licensing boards, to draft or review their contracts, and to advise them on a wide range of practice issues.

My clients remain loyal for years and are my best referral source because they trust me to give prompt, practical, and good advice. I will offer the same level of client care and guidance to you for your own unique legal needs.
