AREAS OF PRACTICE

Health & Medicine

As an associate attorney in the Health & Medicine Litigation group, I work with a team of attorneys to defend a variety of healthcare practitioners. I have a passion for litigation and enjoy the opportunity to combine writing, creativity, and advocacy on behalf of our clients.

Growing up in a professional sports family and having previously worked in both NFL and collegiate football, I understand the importance of teamwork and collaboration and strive to bring that into my practice. I pride myself in taking a thoughtful approach to each case and work closely with my clients to understand their needs and formulate the best approach to win their case.
