AREAS OF PRACTICE

Trusts & Estates

I am a trusts & estates attorney with more than 40 years of experience. I focus on assisting my clients in developing effective charitable, life insurance, and estate plans, and on providing support for successful implementation of their planning strategies.

I assist clients in creating and administering private foundations, donor advised funds and a wide variety of charitable trust vehicles. Additionally, I give added value to my clients by assisting with their life insurance needs. My detailed familiarity with the use of life insurance in estate planning enables me to explain the potential role of insurance to my clients as I decipher complex issues that could arise.

I provide every client with empathy, creativity and dedication. I am here to address your concerns and ensure you have enough resources, deploy them in a manner that will preserve family harmony, and make certain your family is secure for future generations.
